

YAMAL LNG EXTENDS THE VALIDITY OF CERTIFICATES OF COMPLIANCE WITH INTERNATIONAL REQUIREMENTS ISO 45001:2018 AND ISO 14001:2015 STANDARDS

Moscow, 03 July 2023. Yamal LNG announces that its Integrated HSES Management System (hereinafter — IMS) has successfully passed certification, proving compliance with the requirements of international standards ISO 45001:2018 “Occupational Safety and Health Management Systems” and ISO 14001:2015 “Environmental Management Systems”.

The international Certification body StandCert d.o.o. on the basis of objective evidence obtained during the Audit, which took place on May 15-25, 2023, confirmed the compliance of the IMS with the requirements of international standards within given certification area. The certificates will remain valid through June 15, 2026.
